Cyber convenience package works like this:

- 1) Send us your song project folder as a Logic file, AIFF, SDII, or Wav files.
(Logic, Protocols)
- 2) We will need approximately 24 hours to guarantee that the files are a match.
- 3) A qualified Breasia Engineer will make contact with you for a production conference to talk about the direction of your Masterpiece.
- 4) The song will be mixed inside 7 days and returned to you with your final mix.
Most projects are complete in 3 days.

PRODUCTION PACKAGE:

Producers Intervention: \$45.00/hr plus points and some creative rights or \$150.00/hr without points.
(When a Breasia Producer creates on your project)

MASTERING:

\$100.00/first hour, \$50/addtl hours

You will have an engineer assigned to you based on your audio needs. Mix will take place as soon as possible depending on the engineer's schedule. These specials do not allow you to be present during the mix or mastering.
